MEMORANDUM FOR: Chief, Ballistic Missiles and Space Division, OSI

25X1A ATTENTION: [REDACTED]

THROUGH: Chief, Requirements Branch, Reconnaissance Group, CGS

FROM: Chief, CIA/PID (NPIC)

SUBJECT: Jabal Hamzi Launch and Test Installation

REFERENCES: (a) Requirement C-SI-4-80,929
(b) CIA/PID Project C 52-64

25X1D 1. This memorandum is in response to your requirement dated 3 January 1964 which requests a photograph from Mission [REDACTED] updating the launch and test installation at Jabal Hamzi, Egypt.

25X1D 2. The installation appears to have remained basically the same as reported in CIA/PIR-4/63, May 1963. However, better quality photography on KEYHOLE Mission [REDACTED] enables the identification of structures probably present on Mission [REDACTED] but unrecognizable at the time. Attached is a line drawing of the installation as it appears on Mission [REDACTED]. Due to the small scale of the photography, details in the area of the "test stand" cannot be discerned.

25X1A 3. The photo analyst on this project is [REDACTED] and he may be contacted on extension 2079 should you have any further questions concerning this project.

4. This project is considered to be complete [REDACTED]
